

Dear family and friends,

Last year during thanksgiving we were able to help feed over 850 people locally during the Thanksgiving season!

I personally cooked and carved over 350 pounds of turkey. After doing so, many people said "*if I had known you were doing that, I would have helped!*"

WELL, HERE'S YOUR CHANCE!!

This year, more than any other year, We would like to be able to say we helped feed over 1000 people, and I will personally commit to cooking 400 pounds of turkey to be distributed locally!

Thinking you might want to help? Here's what you can do.

Right now we are in phase one.

WE NEED TURKEYS!

Next time you go shopping buy a turkey and drop it off at Kenwal Day Camp! We'll keep it frozen till phase two (cooking the Turkey)

Our first drop off will be this Sunday, November 1st from 10-12.

If that time doesn't work for you just let us know and we'll set up a time that works!

Bring the kids and it can be their good deed for the day!

Do you know someone in need? let us know and we'll make sure to discreetly add them to our list.

Thank You in advance for what we know will be another successful event!
